Education

2025–2026 (Expected) — **Iraq Tech School**, *(ITS)*
Provided and sponsored by: Ahmed Kareem, Hub 200, Qi, & Digital Zone.

2019–2025 — **Bachelor of Medicine, Bachelor of Surgery (MBChB)**, *Nahrain University College of Medicine*, Baghdad, Top Quarter of The Batch.

Professional Experience

2025–Present — **Software Engineering Trainee**, *Iraq Tech School*, Baghdad
- Completed comprehensive software engineering curriculum covering fundamental programming concepts and industry best practices.
- Developed proficiency in front-end technologies including HTML, CSS, Tailwind CSS, JavaScript, and modern frameworks (Svelte, Vue, React).
- Built multiple mini applications demonstrating practical implementation of learned concepts.
- Acquired back-end development skills using C# and .NET Framework for server-side application development.
- Enhanced business communication skills through VOX-provided Business English courses.
- Received one-on-one mentorship from established tech industry leaders, gaining insights into professional development and career advancement.
- Developed essential soft skills through structured program activities, including teamwork, presentation, and project management.

Sep 2024–Present — **Founder & Developer**, *E-Qbank Development Project*, Self-Initiated
- Designed and developed high-quality educational question banks tailored to a wide variety of medical topics including medicine, surgery, paediatrics, and gynaecology.
- Strategically priced the product above market norms by emphasizing superior content and unique features, achieving significant customer satisfaction.
- Successfully marketed the product to a targeted audience, establishing a reputable brand locally.
- Gained hands-on experience in product development, customer relations, and digital marketing strategies.
